Dear Roland:

This will acknowledge receipt of your letter of 28 February 1952, for which I am most grateful. I appreciate being kept informed of the situation at Caversham Park. In this case, I think the seriousness of the subject does not warrant direct reply, and therefore I, too, have gone to the devious method of asking [redacted] to inform Frost's representative in Cyprus of our probable, but unofficial, view. 25X1

Sincerely,
